

Reach Out's April 2019 Prayers

Visa Victory!

Greetings!

Key Verses to Pray: The Lord has established His throne in heaven, and His kingdom rules over all...all the ends of the earth have seen the salvation of our God. Psalm 103:19, 98:3. (Siberia qualifies as all the ends of the earth!)

Grateful Answers

<u>Visa/Visa/Visa/Visa.</u> Through hours of grinding, mind and ear-numbing interactions with the Russian Embassy (and Lawanna's dogged persistence), all four of our team received visas--just in the nick of time! That calls for an all caps--THANK YOU, LORD.

<u>Dallas Week.</u> Randy and Barry spent four days in our new Dallas offices in serious, in- depth planning for the remainder of 2019. The ample office space and detailed planning went far beyond our expectations.

Mozambique Adopt A Country Advocates. While in Dallas Barry drove toward Waco, and he met with our Mozambique Adopt A Country team. Chuck Williams, who has mentored Barry for years, encouraged four of his friends to adopt Mozambique with him. Over lunch, these delightful men became both burdened and enthused about their Mozambique Mission.

Simple Prayers

Russian JFYM Online Filming in Siberia--March 23-April 2Another huge prayer request about...long flights, a conference for 400 youth leaders, 3 days with 35 Eagle Leaders, meeting with the Bishop of 1,800 churches regarding training their youth leaders, and all of the filming and editing in Russian.

Ongoing Africa Needs. Charles Juma's health issues linger on. The doctors do not know what to do. Charles is such a high value asset to God's Kingdom and to Africa's youth...and we still need 3 more Country Advocates for Botswana, Burundi, DRC.

Reach Out's Board with Giving Partners. Our Board now has all the needed tools to actively approach potential partners to raise the remaining \$718,000 of our \$1 million goal for Jesus-Focused Youth Ministry Online, and they have specific plans to do so. Partners needed!

Through your prayers God moves--even in Siberia!

Jesus is Lord,

Barry and Landy
